Packing and Shipping:

Packaging and Shipping for T269 Projector

The T269 Projector must be packaged and shipped with extreme care. The following steps should be taken to ensure the projector is ready for safe shipping:

Clean the projector, including the lens and other parts, using a soft cloth.

Put the projector into an appropriate protective box.

Secure the projector and its accessories with protective packaging materials, such as bubble wrap.

Fill the box with packing peanuts or other filler material.

Seal the box with packing tape.

Address the box with the recipient's address.

Ship the box via an appropriate shipping service.
